Master Nile was established in 2003 with the aim to provide high-quality non-food supplies at factory prices to hotels and restaurants on a worldwide basis and to offer creative solutions for the hospitality industry's purchasing needs.

With a head office in Cairo, Egypt, the staff are all professionals and hands on expertise. In the industry we are dedicated to deliver a high quality service to all our customers. We are specialized in under construction projects, extensions and renovations, where quality and price really matter.

Master Nile markets its products mainly in Africa and in the Middle East and business has developed in line with the rapid growth of the hotel industry in these areas.

Prior to the establishment of our company, our Managing Director has been involved in the hotel business for more than 15 years in various hotels, during which time he has obtained his extensive knowledge of the hotel industry on a global scale.

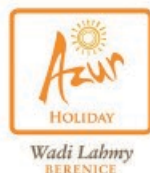

At present we are specializing in the manufacture and supply of non-food hotel and restaurant supplies and also represent many specialized producers as their sole agent in most countries of the world.

Believing to have been of service to you with this information we look forward to a valued business relationship

Master Nile Teamwork

Le MERIDIEN

INDA is recommended supplier of the world's Leading Hotel chains since many years. Such as Marriott, Hilton, Accor, NH and Una Hotels are some of the hotel brands supplied worldwide.

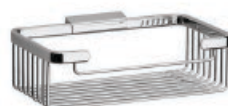

The Inda accessories division has obtained the quality system certification from TÜV, according to the UNI EN ISO 9001:2008 standard. Overall operative processes, from order purchase to product delivery, are constantly checked. TÜV Italy guarantees the Inda conformity with higher quality standards provided by the UNI EN ISO 9001 certification.

This result ensures complete and constant company system dependability. With a sterling reputation as supplier to the world's leading hotels, INDA is a key player in the cruise ship industry. Since the Fifties, INDA bathroom accessories have been chosen for the world's most prestigious transatlantic liners, like the Andrea Doria, Cristoforo Colombo, Michelangelo, Raffaello, and Leonardo da Vinci.

iDL46

Lightning Dock Compatible with iPhone 5/5S, iPhone 6/6 Plus iPad Air/ iPad Mini| Plays and charges iPad, iPhone or iPod models with Lightning or 30-pin dock connector| Dual alarm with weekday/weekend/custom alarm settings. Programmable snooze| Auto Sync automatically syncs unit to iPhone time in seconds| Reson8 speaker chambers. Specially designed sealed speaker enclosures deliver astounding clarity, depth and power

HBN21

The HBN21 is specifically designed for hotels. With a compact design it offers NFC Bluetooth, FM clock radio, USB charging and speakerphone. Single day alarm prevents guests from waking to previously set alarms from sounding, while the Gentle Wake peacefully wakes guests with gently ascending alarm volume. Guests can stream their own audio wirelessly through Bluetooth and NFC technology allows NFC-capable devices to connect to Bluetooth instantly.

HT160B

This alarm features wake to buzzer, a snooze button which controls 8 levels of display brightness, an easy-to-set alarm with printed instructions on cabinet, and a single day alarm that prevents unwanted alarms from sounding. The Sure Alarm battery backup maintains clock setting and ensures alarm wake time in case of power failures. Gentle Wake peacefully wakes you with gently ascending alarm volume. It also has auto-set features such as time and date are preset at the factory and automatic daylight saving time adjustment. Charging capabilities include a 2.1 amp USB charging port for rapid charging. Additional features include 12/24 hour time display modes, back cover prevents tampering with time settings, multi-function backlit negative LCD display with adjustable brightness, clean contemporary design, and a power adaptor (included).

Smart Fridge

The intelligent fridge that cools only when your guests need it!

Smart Fridge, an innovative new product from Minibar Systems, redefines hotel in-room convenience refrigeration technology with benefits for both guests and hotels. The control panel lets guests use the fridge when needed and can be shut down when not needed, saving up to 50% of specified energy consumption. Hotels are now able to offer guests the amenity they ask for and benefit from our fundamental commitment to develop sustainable products.

- LED guest convenience control panel
- Saves up to 50% in energy consumption
- Self-executing diagnostic tests
- Quiet compressor technology
