

# Brilliantly Prepared

For the brainstorming session with the team. The luncheon with the board of directors. The presentation to the client. And for the trip to the theatre in the evening.

Shoe shine machines by HEUTE see to it that the day begins with a fresh shine. From toe to heel – and from one ear to the other. And they are always and everywhere at your service, whenever a brilliant performance is expected.

Ellipse with high-quality genuine leather finishing

# Ellipse

## The style-conscious head porter

The round column in brushed stainless steel with bevelled oval cover has the look of a sculpture in expansive corridors, spacious reception areas and lobbies. Whether free-standing, in a corner or directly against the wall, this stylish shoe shine machines always cuts a fine figure. Offer service in its most beautiful shape.

## The modern purist

The slender square column shape demonstrates modernity across the board. This eye-catcher is appealing for its zeitgeist, form and function. Demonstrate zeitgeist with form and function.

- *high-end property character*
- *high-quality stainless steel finish*

## A dazzling professional

When it comes to performance, this weighty ground-mounted machine plays in the top league. Just like the steel housing, the three rotating brushes with an impressive diameter are extremely robust in design and well-suited for continuous use in shopping centres or highly frequented hotels. Unsurpassed top form is also reflected in the options of finishing for the housing: in high-gloss chrome makes, this powerhouse becomes invisible as it mirrors its surroundings, while in 24-carat gold it reflects pure luxury. Rely on a true star.

*Brilliant performance in two series:*

- with bar and plastic knob incl. push button
- with foot sensor and bow handle in brushed stainless steel for added style

*Polifix 2 gold*

# Elégance Nature

## Natural elegance

The attractiveness of this elegant variation is part of its nature: The housing is made exclusively of real woods. Natural finishes add lively accents to austere administrative buildings or flatter the service in exclusive bars, lounges and restaurants. Feel the comfort of added warmth in the room.

- two series: 36-cm or 86-cm height
- optionally: individually stained
- high-quality, genuine leather finish with black wood on the top

3 year  
warranty
